IB UPDATE:

Later this month (March 29-31) we are hosting a visiting team from the International Baccalaureate as the last part of the process to become an IB World School. The aim of the IB verification visit is to ensure that our application to implement the IB Diploma is satisfactory and that the school is fully capable of implementing the IB Diploma Programme starting in August 2016. During the verification visit, the visiting team will meet with every group that will be affected by the implementation of the IBDP. This includes representatives from the Board, the school administration, teachers, students, parents, librarian, and college counsellor/careers advisor. The school is flying in our IBDP co-ordinator and 6 teachers from various parts of the world to meet with the visiting team.

The School Premises

We have electricty! The interior fit out is well underway and we are delighted to announce that dates **for** tours of the school will be published soon. We are very pleased with the progress and excited at the prospect of moving in and showing parents the fabulous facilities.

CLASSROOMS

Our Interior Designer has been working closely with us to ensure that the classrooms are stimulating, creative and purposeful learning environments.

Student recruitment

We have been exceptionally busy in the last month and we are delighted that many new families have applied to SJII Malaysia. The number of year groups where a second class is needed continues to grow.

Timetable for School Day

We have now finalised the hours of our school day. Please see below for the timing of the day for the High School, Elementary School and Nursery Reception classes.
