

ST JOSEPH'S INSTITUTION  
INTERNATIONAL SCHOOL MALAYSIA  
(TROPICANA PJ CAMPUS)

*"Enter to Learn, Leave to Serve"*

Sport is very much part of school life here at St Joseph's International School Malaysia (SJIIM). All of our students experience a wide variety of different sporting activities through PE lessons, as well as the diverse Co-curricular activities (CCAs) programme the school has to offer.

We believe in the concept of 'sport for all' with a focus on progression and enjoyment. All pupils are encouraged to pursue sports in which they are talented or interested in. We aim to promote lifelong participation in sport by adopting an inclusive, fun and supportive approach to all sporting competitions.

SJIIM is proud of its 'Saints' sports teams who compete within two International School Sport Conferences:

1. AIMS Sport.
2. The Kuala Lumpur Sports League.

The school is represented by both boys' and girls' teams at U9, U11, U13, U15 and U18 level. We have over 50 teams that represent the school over the academic year.

Our students also have the opportunity to compete against our brother school SJI Singapore as part of two Lasallian Sports Tournaments - one here in Kuala Lumpur in Term 1 (Football and Volleyball) and the other in Singapore in Term 2 (Swimming and Basketball).

In addition, our Elementary students (U11 & U10) have the opportunity to travel to and participate in the Penang Sports Weekend in Term 1 (Athletics, Football, Swimming and Tee-Ball).

Our talented athletes are encouraged to join team training sessions during their CCAs to develop their individual and team skills.
