# THE INTERNATIONAL PRIMARY CURRICULUM

## ORIGINS, BEST PRACTICES AND BEST FIT

The **International Primary Curriculum (IPC)** is an innovative curriculum that integrates international learning experiences on **arts, engaging and applied**, as well as experiential activities based on the **21st Century Learning skills** for success in the 21st century to meet the challenges of the current learning. It is a model for enhancing and enriching the core of study like an on-demand approach, meeting together a variety of subjects in **open, interactive way**.

The IPC has been implemented in over 1,000 schools in 30 countries around the world. The curriculum is designed to support students in international schools in developing **21st-century skills** and the understanding required to meet their needs in the future world of opportunities of their countries.

For more information on the IPC, please visit [www.internationalprimary.com](http://www.internationalprimary.com).

## SINGAPORE MATH

At **IPC**, we have selected the Singapore Mathematics

curriculum as our follow. It is a rigorous approach to teaching **Primary Mathematics**. It allows your children an **in-depth** and **well-rounded** learning experience, leading to an understanding of **maths** reasoning. The approach emphasises learning from a range of explicit resources, **real objects** and **visuals** to develop mathematical skills for **learning mathematics**.

## 21<sup>ST</sup> LANGUAGE PROGRAMME

### Model

The **21<sup>st</sup> Language Programme** is aimed at the learning and development of all our students. Through our teaching the students will become effective communicators. We recognise and understand that students also appreciate and understanding of **language** and will be motivated, confident writers who are willing to use **writing** as an essential tool in **learning**.

### Activities

Learning **21<sup>st</sup> Language** is part of the experiential **learning** of all our students. We provide a variety of **learning** activities that are designed to support and enhance **learning**.

ENTER TO LEARN, LEAVE TO SERVE

### COLLEGIATE TRAINING

At SJIM, the skills students acquire are pivotal in their academic and extracurricular experiences. The focus is on equipping students with the opportunity to experience real-world and academic growth through hands-on learning. From internships, community service, and sports activities, every student has the chance to gain practical experience. The variety of options will ensure a well-rounded professional and academic foundation.

The academic rigor students take is rewarded with merit-based scholarships and awards to honor their academic and leadership achievements. The goal is to ensure that every student's journey is supported and celebrated. Through these programs, students are encouraged to take ownership of their education and to strive for excellence in all their endeavors.

### EXTRACURRICULAR ACTIVITIES

The exposure of student activities provides opportunities to learn through experience and develop critical thinking, communication, and leadership skills. Students embrace the importance of making independent decisions, solving problems, and working with others. These activities are designed to enhance their academic learning and to help them develop their confidence and self-esteem. Through these programs, students gain valuable life skills and are encouraged to take ownership of their education and to strive for excellence in all their endeavors.

### ACADEMIC ACHIEVEMENT

We believe that students achieve their full potential when they are supported and encouraged. At SJIM, we provide a nurturing environment for students to thrive academically. Our experienced faculty and staff are committed to providing personalized support and guidance to every student, ensuring they reach their full potential and achieve their academic goals.

We provide a variety of opportunities for students to explore their interests and passions. From sports to arts, and from community service to leadership programs, there is something for every student. We encourage our students to take ownership of their education and to strive for excellence in all their endeavors.

### LEADERSHIP TRAINING

A leadership journey is not just about education; it's about growth through experience. At SJIM, we provide a variety of opportunities for students to develop their leadership skills. From student council to community service, and from sports to arts, there is something for every student. We encourage our students to take ownership of their education and to strive for excellence in all their endeavors.
