Catholic and Christian Life

A Special Celebration of Faith and Family

Last week, our school community was blessed by a meaningful celebration led by Aunty Lucille Teh, a grandparent to one of our high school students. In her heartfelt sharing with parents, she reflected on the deep faith and strength of Mary, the Mother of Jesus.

Through the thoughtful selection of songs, Aunty Lucille reminded us that, as parents, there will come a time when we must let our little ones soar. Yet, it is our faith in God and the love we give that will always be their anchor.

As we place ourselves under Mama Mary's loving care, may we receive the grace to guide, teach, and walk with our children in faith.

THE SECRET OF THE CHOCOLATE FACTORY

Year 3 Residential:

Year 3 have had a fantastic time so far on their residential trip! The children demonstrated the virtues of courage, determination, and responsibility as they chose to spend the night at school, away from their families. From activities at FRIM to those back at school, their enthusiasm has been clear throughout every moment. These special memories with friends are sure to stay with them for years to come and are a real highlight of the year. A big well done to all of Year 3! 😊

Year 5 IPC Exit Point

On Thursday afternoon we welcomed parents in for our IPC Exit Point. Our topic, Earth and an Island, focused on geographical features of islands around the world. We also looked at what would make an island habitable. We then applied our new learning to create our own islands. It was fantastic to see students' creativity and their learning embedded in their imaginative ideas. Thank you to all the parents who came out to support our projects, the students were very proud! Stay tuned to learn which island is the most desirable holiday destination!

Teacher Appreciation Assemblies

This week, our Elementary School office was filled with young Lasallians writing heartfelt notes of appreciation to their teachers and learning assistants. Each child wrote with care and gratitude, sharing how much their teachers mean to them. These special cards were presented at Friday's assembly, and it was a joy to see our teachers beaming with pride. Thank you to everyone who took part! If you didn't get a chance, there's still time — a note over the weekend can make a teacher's day.

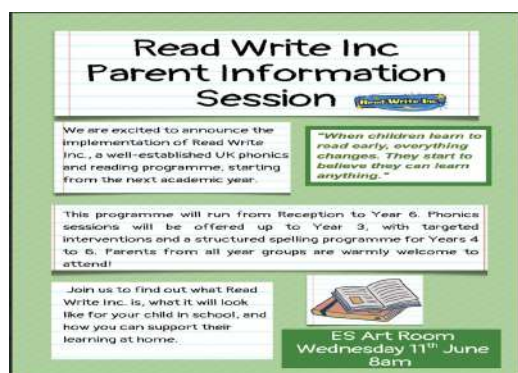

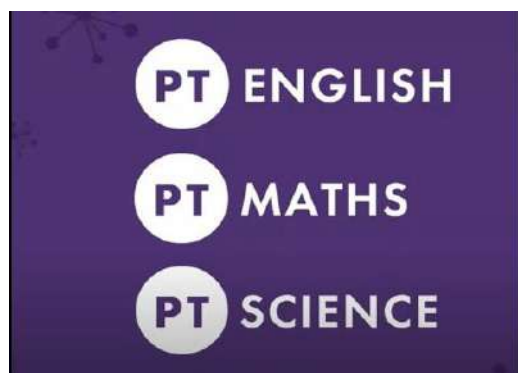

Year 2-6 Progress Tests

Students in Years 2 to 6 have been taking part in our annual Progress Tests in English and Maths, with Years 3 to 6 also completing the Science assessment. These tests help teachers build a clearer picture of each child's learning and progress. The results will support end-of-year reports and help guide planning for the remainder of this term and the start of next year. They allow us to identify any gaps and tailor our teaching to meet student needs—both individually and across the year groups. A big well done to all the students for giving their best and showing what they've learned this year.

Read Write Inc Parent Session

Upcoming event - June 11, 8am ES Art Room RWInc Parents Information Workshop. We are excited to invite parents to attend this important workshop which will provide information about the new phonics programme that we will be implementing for AY 2025-26. This session will provide an overview of the programme, strategies on how you can support your child at home and an opportunity for questions regarding the programme.

Teachers' Day

The SRC was thrilled to have celebrated our high school teachers on Monday, 19th May with our teachers day project. To show our appreciation for all the hard work our teachers do, we ran a free note delivery service collecting over 300 notes from our student community and compiled them into a card for each teacher, which was gifted as a surprise, along with a delicious brownie. We also ran this week's assembly, which included various music performances, poem recitals, activities, and even a special Teachers' day video featuring students across all year groups expressing gratitude to our teachers. We would like to thank all of our teachers for being the heroes of our classrooms, and guiding us every day.

IBDP - Exams are finished

Our final cohort of **IB Diploma Programme (IBDP)** students completed their last exam on Wednesday, 21st May — closing a meaningful chapter in our school's academic journey. This group of students has demonstrated perseverance, dedication, and integrity throughout their two-year IBDP experience. As they complete this demanding programme, we not only celebrate their achievements but also honor the legacy of the IBDP at our school. As we transition away from offering the IBDP after this year, we give thanks for the educators, coordinators, parents, and students who have shaped this journey over the years. Your commitment and excellence have left a lasting impact. To our final IBDP graduates — well done, and may you carry the spirit of Lasallian - **"Enter to learn , leave to serve"**

U13 Girls AIMs Volleyball - 21/5/25 - IGB

The U13 girls travelled to IGB on Wednesday afternoon for an exciting day of volleyball. For several students, it marked their first appearance as part of the school's volleyball team—a proud milestone. The team faced a challenging start in their opening pool match, struggling to find rhythm and string together consecutive points, we were defeated. With the next game set against the tournament hosts—unbeaten and top of the pool—it seemed the afternoon could prove even more difficult. Please read more info [here](#).

KLJMC 2025: Maths, Momentum, and Magic!

Last Saturday, our school proudly took part in the **Kuala Lumpur Junior Mathematics Competition (KLJMC)**, with a full squad made up of **two Year 7 and two Year 8 teams**, each team with three enthusiastic mathematicians. The event brought together **over 160 students from 15 schools** across the KL area, all giving up their Saturday to celebrate mathematical thinking, teamwork, and challenge. Please read more info [here](#).

HS Reporting and PTC Parent session Tues 27th May 8am (E4-07 - ES Art Room)

Our approach to reporting and PTCs is changing slightly for the next academic year. We invite you to be part of the consultation process during this session. Sign up [here](#).
