This Week's Highlight at SJIS

SJIS 2026 Family Festival was a BLAST!

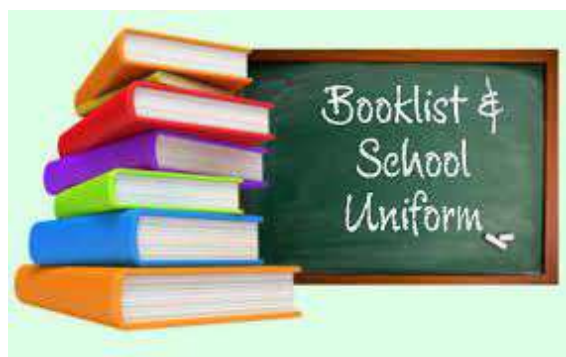

Lucky Draw Winners Announcement

We would like to extend our sincere appreciation to everyone who participated in and supported the event.

Congratulations to all our Lucky Draw winners. Prizes may be collected from Ms. Nurul at the Central Admin Office (opposite the Admin/Finance Office). Kindly ensure that prizes are collected by the stated deadline. **Collection date: 22- 26 June**

Thank you once again for your support and participation. We congratulate all winners and hope you enjoy your prizes.

Textbooks and uniform purchase

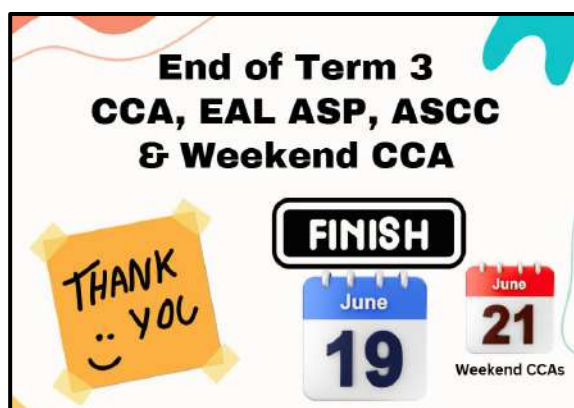

Parents can start purchasing uniforms and books through www.tekbookmart.com. Please follow the updated order guide [here](#).

[SJIS HS Booklist 2026/2027](#)

[SJIS ES Booklist 2026/2027](#)

Below are the bookshop operating hours during the Term Break.

- **3rd July 2026 - 10th July 2026:** Closed
- **13th July - 24th July 2026 :** Open only on Tuesdays & Thursdays from 9:00 AM to 1:00 PM (Weekdays Only)
- **27th July 2026 – 12th August 2026 :** Open Daily from 9:00 AM to 2:00 PM (Weekdays Only)
- **From 13th August onwards:** Resumes normal hours, 7:30 AM to 3:15 PM (Weekdays)
- During school days, the bookshop will be closed during lunch time from 11:30 am to 12:30 pm.

End of Term 3 CCAs, EAL ASP, ASCC and Weekend CCAs

This week will be the final week of Term 3 CCAs.

Thank you for your continued support throughout the term 3.

Please check Schoolbuddy on your replacement CCAs next week. Thank you.

End-of-Year Library Closure & Book Return Reminder

As we approach the end of the academic year, please ensure that all library & reading books are returned by **Friday, 26 June**. Any books that are lost or not returned by this date will be considered outstanding and will need to be paid for.

Please note that the Library will be **closed to all students and parents from 29 June onwards** while we conduct our annual inventory.

If you have any questions, please email library@sji-international.edu.my.

LIBRARY ANNOUNCEMENT

Dear Parents & Students,

As we approach the end of the academic year, we kindly remind everyone to **return all borrowed library materials**.

**PLEASE CHECK AT HOME FOR:**

- Library books
- Reading books
- Any other borrowed library materials

**RETURN DEADLINE**

FRIDAY, 26 JUNE

 Any lost or unreturned items will need to be paid for.

**HOLIDAY BORROWING**

There will be **NO BORROWING** during the holiday period.

Students & parents can start borrowing again next term.

**LIBRARY CLOSED**

ANNUAL STOCKTAKE & INVENTORY

The Library will be **CLOSED TO ALL PATRONS** starting **MONDAY, 29 JUNE** as we prepare for our annual inventory.

HOWEVER, BOOK RETURNS WILL STILL BE ACCEPTED.

Thank you for your cooperation and support! ❤️

Saints Sports

U13 & U15 Girls Volleyball

On Tuesday we took 24 girls to Tenby to play Volleyball. The girls played brilliantly, showcasing the progress they have made in Volleyball. Well done girls.

Ukulele & String Ensemble Soirée – Celebrating Student Progress

On Tuesday, 16 June, parents were invited to attend a special Ukulele and String Ensemble Soirée to celebrate the hard work and progress of our students this term. Led by Mr Don and Ms Zhi Qing respectively, both ensembles showcased a selection of pieces they have been diligently rehearsing throughout the semester.

The performance was a wonderful opportunity for students to share their musical growth and confidence with family and friends. We would like to extend our sincere thanks to all the parents who attended and supported our young musicians.

ES Swim Galas

Our ES students wrapped up their swim galas with an incredible showcase of skills, teamwork, and sportsmanship. The events featured exciting individual races, collaborative team relays, and a fun treasure pick-up for our younger swimmers. It was a fantastic way to celebrate their hard work, progress, and end the year on a high note!

Year 6 : 1st- Benilde, 2nd- Mutien, 3rd- Miguel, 4th- Jaime
 Year 5 : 1st- Miguel, 2nd- Mutien, 3rd- Jaime, 4th- Benilde
 Year 4 : 1st- Jaime, 2nd- Benilde, 3rd- Miguel, 4th Mutien
 Year 3 : 1st- Miguel, 2nd- Benilde, 3rd- Mutien, 4th- Jaime

Parents Transition Meeting Reception to Year 1

Reception to Year 1 Parent Talk

Preparations for the new academic year are underway and this week we were delighted to welcome our Reception parents to our transition meeting.

The session provided an opportunity for families to begin thinking about the changes ahead and to explore how we can work together to support children as they move into year 1. We shared key information about the transition process and discussed practical ways to help children feel confident and prepared for this important next step.

Early Years Trip

On Friday, Nursery and Reception visited Starship Galactica for an outer space-themed soft play experience. In line with our "Blast off" topic, children explored rocket ships and jumped between planets. EY children had a fantastic time trying out various slides, swimming in ball pits, jumping on trampolines and standing under a waterfall of soft sponge balls. Children faced their fears, offered their friends support, friendship and joy! Well done, Early Years children for your virtues of courage and cheerfulness! A sincere thank you to our parent volunteers for your help in keeping the children safe and making our trip so much fun!

End of Year Reports & Class Lists

End-of-year reports will be available on the Parent Portal after **12:00 p.m. on Friday, 26 June**. At the same time, you will also receive your child's **class placement and teacher information for the next academic year** on your SJI Gmail account.

If you have any questions or experience any difficulties accessing the Parent Portal, please contact the **SJI Helpdesk** for assistance.

helpdesk@sjj-international.edu.my

Family Fun Day Labubu Winner

Thank you to everyone who participated in Year 4's Name the Labubu competition during Family Fun Day. The winning name was, in fact... Pebbles! Congratulations to Eunseo, who correctly guessed the winning name. Thank you once again to everyone who took part and helped make the event such a fun and successful part of the day.

AS STAFF AND STUDENTS ARE ON
END OF YEAR CAMPS!

Year 13 Graduation

Last Friday, 12 June, we were delighted to celebrate the 9th SJIIS Graduation Ceremony, honouring our 19 Year 13 graduates as part of the Class of 2026.

It was a meaningful and memorable occasion, filled with heartfelt speeches from both teachers and students, a special farewell video featuring messages from past teachers, and a wonderful group performance of *Count on Me* by the graduating class. We are incredibly proud of all our graduates and the contribution they have made to the SJIIS community.

A special congratulations also goes to the following award winners:

- Josephian of the Year: Kirsten Yap Vern Yi
- Head of School Award: Iris Ang Ee Sim
- Lasallian Service: David & Nathan Glen Motha
- Outstanding Achievement: Eng Braeden
- Academic Excellence: Jaden San Ming Xu
- English award: Katelyn Teh Yue Wen
- Humanities award: Yim Jeongmin
- Mathematics award: Kirsten Yap Vern Yi
- Science award: Iris Ang Ee Sim
- Arts award: Filipp Tiurin

We would also like to extend our sincere thanks to Vincent and Sophie from Year 12 for doing such a fantastic job hosting the graduation ceremony.

Alumni BBQ

We were pleased to welcome 28 alumni, representing graduating classes from 2018 through to 2025. It was a lovely opportunity for former students to reconnect with one another and with the school community.

Y12 and Y13 Lasallian Formation Camp Launch 2026

We are also pleased to launch the Lasallian Formation Camp 2026, open to next year's Year 12 and Year 13 students. The [invitation letter](#) contains further details about the camp and how students can take part. The deadline to make the initial payment to secure your place is at the end of this term before the summer break.

Y12 and Y13 UK University Trip: Expression of Interest

Finally, we would like to draw parents' attention to the proposed UK University Trip for Sixth Form students. This trip is designed to provide an inspiring introduction to university study and life in the UK, including visits to leading institutions such as Oxford and London universities. There are currently two possible timings being considered: early September or early 2027 / Camps Week 2027. Please note that the deadline for the initial payment is at the end of this term in order to secure the proposed flights within the given budget.

Parents who are interested are kindly asked to complete the Expression of Interest form [here](#). This trip will only run if there is a minimum of 20 students.

Y10 Roadmap to A-Levels

For the last 5 weeks, Year 10 students have been receiving extensive support to make strategic choices for their A-Levels.

This first included multiple form time support sessions with Ms Warriar, Head of Sixth Form and Ms Quennie, University and Careers Counsellor and some 1-2-1 guidance meetings. We were also pleased to welcome Ms Emma Davidson from MABECS to speak about making the best A-Level choices.

Students also got the opportunity to hear directly from SJIIS alumni to find out about their decision making process and top tips for revision and success.

Sixth Form Taster Day

All Year 10 students got the chance to 'taste' their potential A-Level subjects, taking a lesson as a sixth former. Classrooms across the school were buzzing with curiosity, discussion and enthusiasm as students explored new disciplines, challenged themselves with more advanced content and began reflecting on their future pathways.

The feedback from students was overwhelmingly positive. Some of the comments included:

Biology: "I engaged in a debate which was very insightful and interesting as I knew nothing about the topic and had to rely on the case study I was given."

Design Technology: "I enjoyed the creativity in designing the chair."

Drama: "It really opened my eyes to the different forms of expression that can be taken in art."

Economics: "This subject was interesting, I like how it relates to and discusses real life problems and theories, I'm really interested in taking it."

English Literature: "I really loved discussing the lens that you put on to see individual themes and details from the book you read. It opened my eyes to different opinions, injustice and the way the author conveyed it and their reasonings for it for the better of the world."

History: "It made me reflect a lot on how easily you accept information and to what extent you can accept something for being true."

Students also left with a clear summer exploration pathway task which is available on their Form Time Google Classroom, if parents would also like take part in this journey.

KL Coding Cup 2026

On 13 June 2026, six students represented our school at the KL Coding Cup 2026 held at Sri KDU International School, Kota Damansara. The competition challenged students to apply their Python programming, computational thinking, and problem-solving skills through a series of team-based coding tasks. Please read more info [here](#).

Summer Exploration Roadmap			
This is a document to plan out some activities that will help you explore your interests this summer in a meaningful way. This document is not about revision or grades - I trust that you will do those things separately as responsible Year 10 students going into Year 11. This document is about curiosity, exploration and discovering more about yourself. Use this booklet to plan some purposeful activities over the summer that will help you better understand your strengths, interests and future aspirations. Whether that means reading a book, speaking to someone in a career you admire, completing an online course or attending an event, every experience can teach you something valuable. When you return in August, we will reflect on what you learned—not just about different subjects or careers, but about yourself. I have included an example so that you know what to aim for. You must complete at least THREE activities.			
Activity	Source	My reflections	
eg. Example: Learn more about artificial intelligence.	Grapheme College Lecture https://www.youtube.com/watch?v=8d8d8d8d8d8d	- AI is more complicated than films and social media make it seem. - Many fears about AI may come from science fiction rather than evidence. - AI is not inherently good or bad—it depends on how humans design and use it. - Ethical questions may be more important than technological questions. - Machines can be programmed with values, but deciding which values to use is difficult. - I had not considered that AI systems already make decisions in our daily lives. - Autonomous vehicles raise difficult ethical dilemmas with no obvious answers. - AI may create benefits for society, such as safer transport and better healthcare. - The greatest risks from AI may come from humans using it maliciously rather than AI itself 'waking up'. - Generative AI technology can sometimes be safer because more people can inspect it. - Intelligence is not simply about speed; human intelligence is more complex than processing power. - Debates about AI reveal deeper questions about what it means to be human.

Duke of Edinburgh - Silver Expedition

Our Silver Duke of Edinburgh participants recently completed their Qualifying Journey, spending three days and two nights sailing as crew on a yacht while navigating their course and adapting to changing conditions. Throughout the expedition, they took responsibility not only for sailing the vessel but also for planning and preparing all of their own meals, requiring organisation, independence, and effective cooperation.

The experience provided countless opportunities for the students to develop resilience, teamwork, and determination. They communicated clearly, supported one another, and worked collaboratively to coordinate the yacht's operations, make decisions, and solve problems as they arose. Their positive attitude and willingness to embrace new challenges were evident from start to finish, with every member of the team making a valuable contribution.

It was a pleasure to watch the group grow in confidence and capability over the course of the expedition. The maturity, perseverance, and adaptability they demonstrated were truly impressive, and they should all be incredibly proud of what they achieved. Congratulations to the team on the successful completion of their

Save the Dates: Exams, Reports & PTCs

Just a reminder of some academic dates coming up for your calendars:

- End-of-year exams (Y7-10 only): Starting **Wednesday 3rd June** (please see previous post for details)
- Term 3 / EOY exam Reports home (Y7-10 only): **Thursday 25th June (3.15pm)**
- Parent Teacher Conferences (PTCs): **Monday 29th June**

The PTCs are available for Y7-10, and Y12 students. The booking window will open at **8am on Monday 15th June** and close at **4pm on Monday 22nd June**. An email will be sent nearer the time with log in information.

Discovery Showcase celebrates curiosity beyond the curriculum

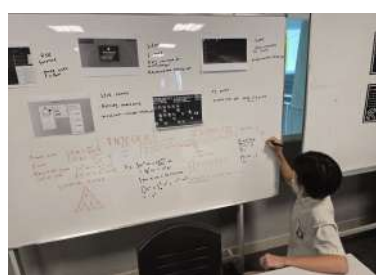

This week, we were delighted to host our inaugural **Discovery Showcase**, celebrating the achievements of students participating in the SJIIS Discovery Programme.

Launched this year as a pilot initiative, the Discovery Programme provides stretch and challenge opportunities for students identified as having exceptional academic potential. Rather than focusing on acceleration or additional workload, the programme encourages students to pursue areas of genuine intellectual curiosity, explore learning beyond the curriculum and develop independence as learners.

Throughout the year, students have undertaken self-directed projects across a diverse range of disciplines. From investigating the photochemistry of circadian rhythms and researching tropical moth species, to coding, creative writing, dress design, engineering and mathematical exploration, students have demonstrated impressive curiosity, creativity and commitment.

The showcase provided an opportunity for students to share their work with parents, staff and peers, explaining not only what they created, but also the questions they explored, the challenges they encountered and the discoveries they made along the way.

At SJIIS, we believe that education is about more than acquiring knowledge; it is about nurturing a lifelong love of learning. In a world where AI provides answers in seconds, curiosity remains one of the most valuable qualities a young person can possess. The Discovery Showcase was a wonderful celebration of that curiosity, and we are incredibly proud of all the students who participated in this year's programme.

Our inaugural Discovery Programme cohort, showcasing their independent projects and celebrating a year of curiosity, creativity and learning beyond the curriculum.

Yuchae (Edith) Kang (Y10), Kirsten Oyinade Adeleye (Y7), Kelly Feng (Y7), Suho Lee (Y7), Heeyun Shin (Y7), Daniel Wen, Heemin Shin (Y8) and Alexa Ziyi Wong (Y9).

High School TeachMeet

This week saw the final TeachMeet of the academic year, bringing together High School teachers to share their research, expertise and classroom innovations with colleagues. This term's sessions covered a wide range of topics, including effective classroom routines, overcoming Mathematics anxiety, developing student independence, active learning strategies, fostering curiosity, supporting introverted students, and using AI to enhance learning, among many others.

These termly opportunities for professional collaboration are a powerful reflection of both our Lasallian ethos and our commitment to excellence in teaching and learning. By working together as a learning community, staff willingly share their strengths, experiences and expertise for the benefit of all students. This culture of collaboration and continuous improvement was recognised in our recent ISQM inspection, which awarded the school Gold status and judged the quality of teaching and learning to be Outstanding.

Teachers left with a wealth of practical, evidence-informed strategies that will now be explored further within departments and embedded into classroom practice next year. It is through this collective commitment to learning from one another and continually refining our craft that we ensure the very best educational experience for every student.
